Dear Ruby,

Yesterday, August 8, was a very busy day and not a very nice day at all in Sweetland. The first two typhoons of this summer, Lionrock and Kompasu, came to Sweetland at the same time. Lionrock came to Vanilera. People felt weak winds, about 90 kilometers an hour, but the heavy rain brought a lot of landslides in Vanilera. Some buildings fell over and some people lost their houses. And Kompasu was 30 kilometers west of Chocola. It was not a very strong typhoon. We were really lucky to have weak wind and little rain.

Please do not worry about me. I live in Caneton, near Coco Sea. Because of Sugar Mountains, there was not too much rain when the typhoon arrived. Caneton is a very nice city. It is warm in spring and cool in fall. It is not very hot in summer. We usually have rain in spring and summer. It seldom snows in winter, so we do not have to wear very heavy clothes. If you visit me this winter, you will like here very much.

Miss you!
