Do you feel out of place at school? Don't worry, you're not the only one. Many people feel the same as you. Not only that, some people write books about it! Jeff Kinney's Diary, *Wimpy Kid* books is about Greg Heffley, a 12-year-old boy, who begins middle school in the first book. As he gets older in each book, he has to deal with problems at school, such as friends, bullies, and cute girls. Greg even draws funny pictures in his diary to show what's happening! Jeff Kinney, the author, hopes that people of all ages can enjoy these books. That's why everybody loves them.

People around the world love *Wimpy Kid* books. They are fun and have cute cartoons. They even attract kids who don't usually enjoy reading. Even though Greg Heffley isn't always a nice child, his diary sounds like that of a real kid. That's why readers can understand his problems.

There are four *Wimpy Kid* books right now. The fifth one will be published this year. Pick up a copy and see what everyone's talking about.

Take a look at one of the pages from *Wimpy Kids*.

First of all, let me get something straight: This is a JOURNAL, not a diary. I know what it says on the cover, but when Mom went out to buy this thing I SPECIFICALLY told her to get one that didn't say "diary" on it.

Great. All I need is for some \*jerk to catch me carrying this book around and get the wrong idea.

The other thing I want to clear up right away is that this was MOM's idea, not mine.

But if she thinks I'm going to write down my "feelings" in here or whatever, she's crazy. So just don't expect me to be all "Dear Diary" this and "Dear Diary" that.

### Taipei Turns a New Green Leaf

Taiwan, known as one of the world's greatest orchid producers, will host the 2010 International Flora Expo in Taipei. The Expo wants to show people different ways to enjoy nature and the theme is "Rivers, Flowers, New Horizons." It'll take place in four areas and each has its own theme as well. For example, the YuanShan area will have a 22,000-square-meter sea of flowers. Its large pavilion of floral-themed fashion shows is made out of 1.52 million recycled plastic bottles and bamboo. Along with 3,300 varieties of plants, there will be many displays and exhibits showcasing how to make our lives greener and our energy usage more sustainable.

The Taipei City Government calls the expo the largest international event the city has ever held. The city expects more than eight million tourists will visit the expo, and they hope local business will get benefit. Planners are doing everything they can to make sure it's a success and Taipei will be showed off as a city of garden. The expo will run from November 6 of this year to April 25, 2011.
